

**Decoland** Edging & Root Barrier

D-Edge Smart Pro

# Decoland D-Edge Smart Pro

Paths, walkways, lawns and borders are easily separated by D-Edge Smart Pro edging and borders. They come in 15 meter long coils, they are flexible, safe and universal in their application.

Easy to install, easy to interconnect and safe for those enjoying playing in gardens. The rounded top prevents any injuries commonly experienced with metal or thin plastic products. D-Edge Smart Pro is light in weight, easy to cut with scissors to create your own design virtually without any limit.

Available in 2 colors (black & green) to match the outdoor application and environment.

D-Edge Smart Pro is made of polyethylene and is fully recyclable underlining our strive to care about people and environment.

1 cm Tube for connection, flexible for hard curves with zigzag profile for more fixation.

\* In favor of product improvements, specifications may change without prior notice.

## Installation Instructions

Uncoil the D-Edge Smart Pro by putting a weight at the ends during mild ambient temperature.

Create a ditch to separate 2 area's by the D-Edge Smart Pro and insert evenly, just low enough to prevent soil, gravel or mulch to easily drop into the adjacent area.

Whilst keeping the edge down, push firmly the soil against the D-Edge Smart Pro to fix it.
